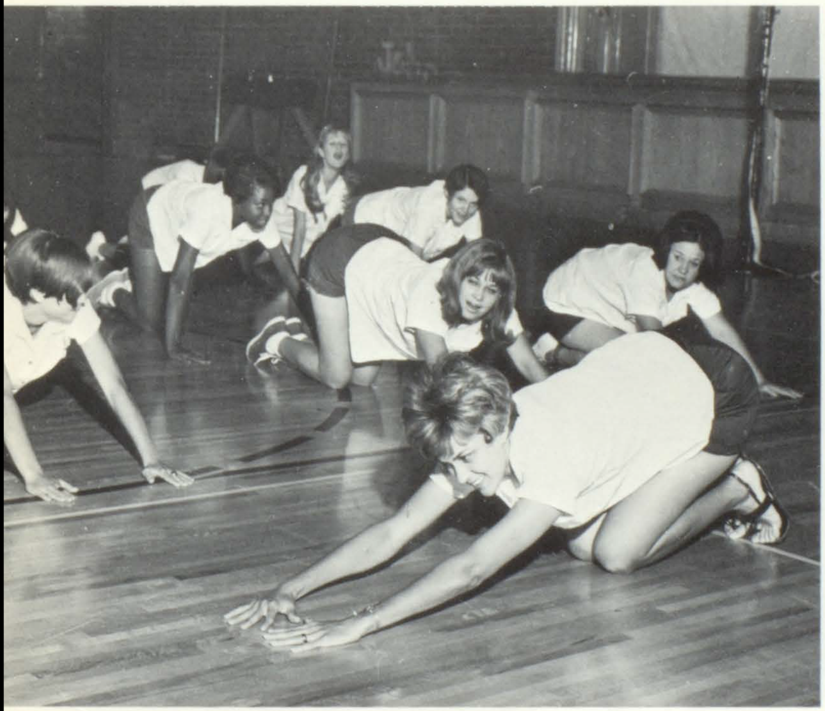
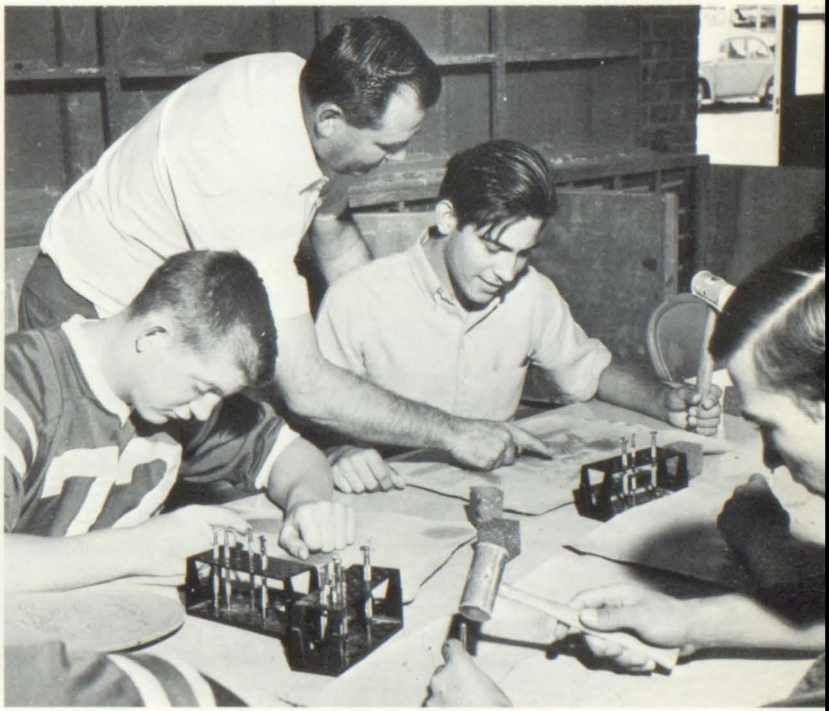
The exclusive challenge of a thorough knowledge is successful teaching





Our Area Administrator . . . A Dedicated Man

With the assistance of Mr. Lyal W. Burkholder, Basic High School has grown to an epitome of learning.

CHALLENGES, LIKE OPPORTUNITIES, constitute the precious moments in our lives. Precious because they rarely linger to a mind of indecision nor do they surrender to an effort less than the best we have to give. Opportunities that contribute to a sustained good life come heavily cloaked in armor of challenges.

LIFE CAN BE beautiful to those who, by planning and preparation, develop talents and skills to force aside the garments of challenge and win, for their own good life, the opportunity that otherwise would be lost to them forever.

AS SENIOR STUDENTS of 1968, you are confronted with one of the most important challenges your life will call upon you to engage. This precious moment of opportunity cannot be denied you. For twelve years you have carefully planned and diligently prepared in talents and skills for this, "your year of challenge." The power of decision is yours to make; shall it be a professional career through higher education; a career in business or industry; military service; or family life? Whatever your decision, the remainder of your life will always richly reflect this Your Year of Challenge.

Sincerely

Lyal W. Burkholder

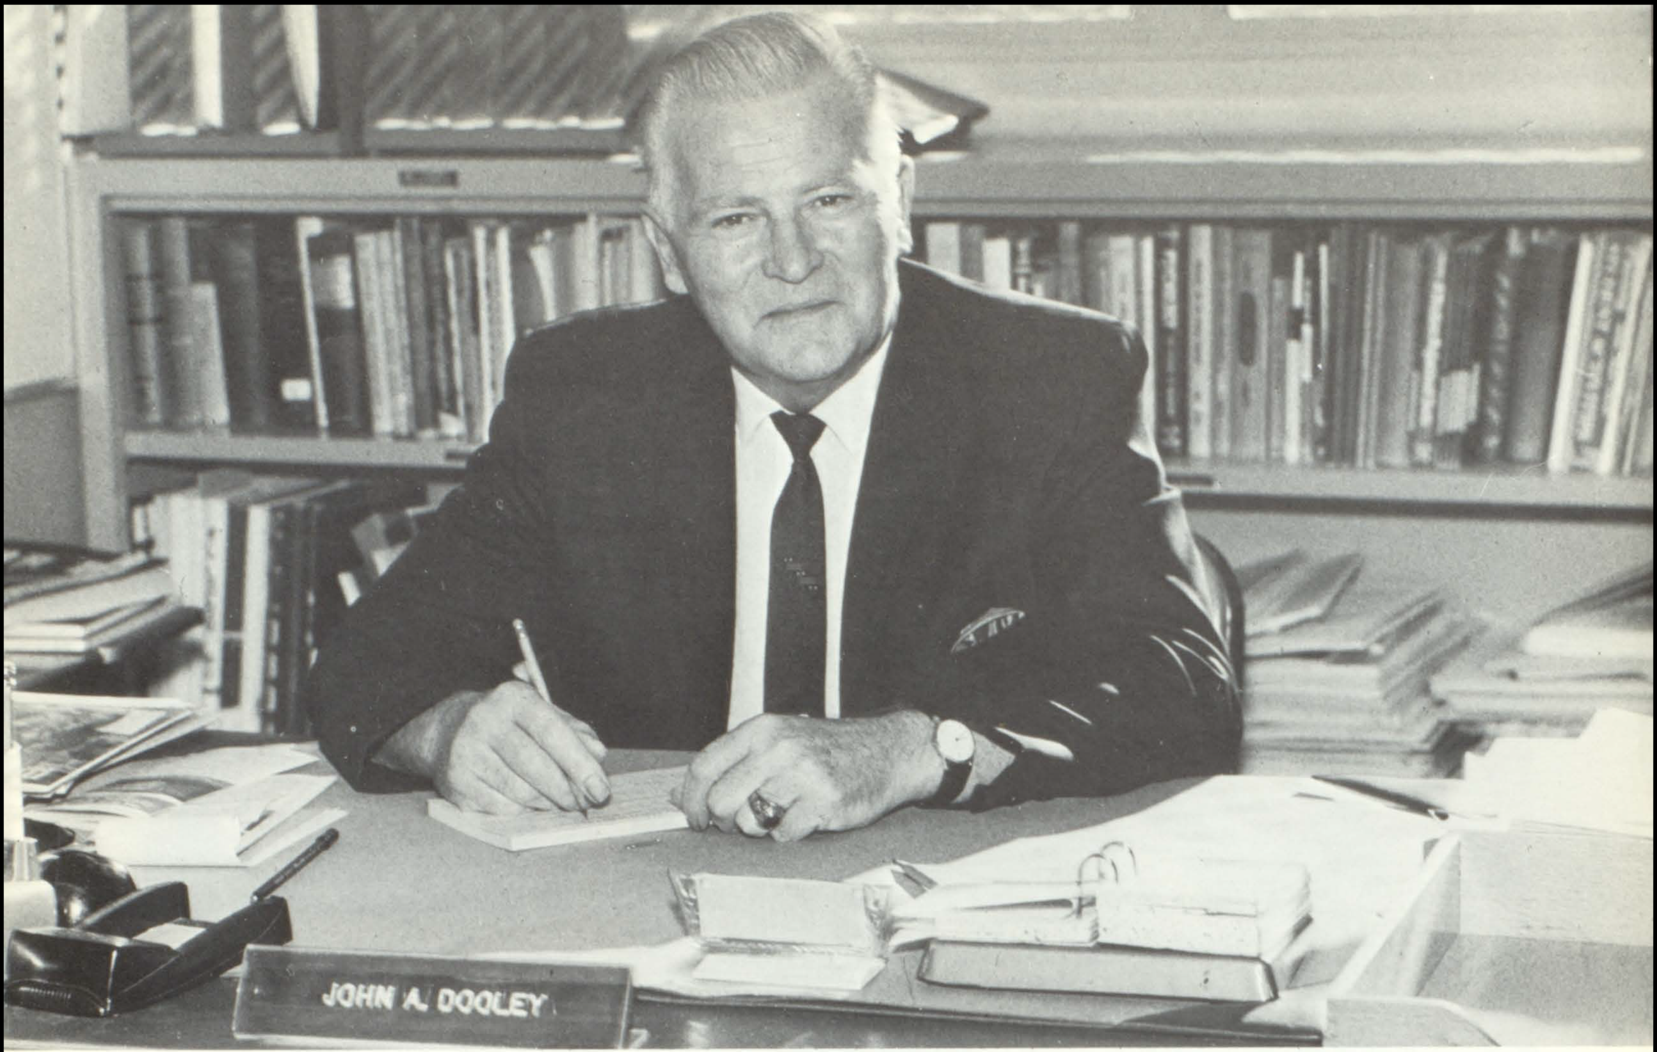
School Board and Superintendent Shape School Policies

Clark County School District
Education Center

CLARK COUNTY SCHOOL DISTRICT
EDUCATION CENTER

THE SCHOOL BOARD of Trustees formulates the policies of the school district. The problems and business of a rapidly growing school system are discussed in the Board Room of the Clark County School District Education Center. The Board meets twice a month and if necessary, a third meeting is called.

OUR SCHOOL BOARD has met the challenge of keeping our school system in pace with the rapidly changing fields of education. A Demonstration Laboratory School is being planned for testing new teaching theories before putting them into the school system. Educational TV has been started as a regular program on Channel 5. It is hoped that this will eventually expand into a statewide program. Our school district was one of the fortunate few to be asked to participate in a School to School Project under the auspices of the Office of Overseas Schools, Washington D.C. This program will promote the exchange of cultural and educational ideas and personnel between The Columbus School, "Colegio Colon Americano", Medellin, Columbia and the Clark County School District.



A Man With a Purpose . . .Our Principal

To the Class of 1968

I, PERSONALLY, EXPERIENCED an intense sensation of joy and realization when the editor of your yearbook told me that you had selected "nineteen sixty-eight, Our Year of Challenge" as the theme for your book. This theme signifies that in this great, but seemingly "messed-up" world, the majority of you are responsible young people who are able to see through the smoke screens composed of the false promises of easy happiness propounded by the many current Lorelei. You obviously recognize that their enticements would wreck your promise of an even greater world on the rocks of failure or on the sands of mediocrity.

AS GRADUATES YOU now have a greater challenge—to identify, strive for, and achieve your best purpose in life. If you succeed, you will realize your greatest total life happiness. My sincere wish is that each one of you succeeds.

Most respectfully yours,

John A. Dooley

Mr. McDoniel and Mr. Smith discuss a student problem

Assistants aid Principal in Student Affairs

MR. ESTES McDONIEL, Assistant principal, and Mr. Don Smith, Dean of Students, assist Mr. Dooley with administration duties at Basic High School.

MR. McDONIEL SUPERVISES disciplinary matters, which keeps our campus problems at a minimum. He approves the schedules for all assemblies, and organizes and coordinates the activities for the school calendar. He is also the general supervisor of attendance and director of athletics.

MR. SMITH SUPERVISES the audio-visual materials and is responsible for text books, stock and non-stock requisitions, bus schedules and student insurance. He also assists with attendance and athletics.

MRS. LEANN MORSE, the voice of the intercom, is Mr. Dooley's secretary, who takes care of all the financial records of the school. Mrs. Louise Horan keeps up to date academic records of all students. Mrs. Lois Cox, aided by Miss Freda Salamy, prints all essential bulletins, keeps attendance records and works to keep the school office running smoothly.

LeAnn Morse and Louise Horan bank some money while Freda Salamy and Lois Cox work with attendance records.

English . . . The Key to Individual Communication

IN THIS, THE third year of the phase program in the English department where on alternate days the student attends a class in literature, a class in grammar and composition, or a class in speech, team teaching has been paying off as the student obtains a better knowledge of the subject from teachers whose talents are specialized.

FRESHMEN ARE BEGINNING the composition section with new books in writing basics. From this program develops the students writing ability which culminates in a researched paper during his senior year. This program is aimed to improve the students writing habits, style, and to enable him to effectively express himself.

FROM FRESHMAN AND sophomore exploratory readings to junior readings in American literature and English literature for seniors, the literature program develops the student's reading interpretation ability and appreciation.

ONE PHASE OF public speaking is taught during freshman, sophomore and junior years and the seniors have a unit in speed reading and comprehension.

Mr. Cooke says, "Aw, you can do better than that".

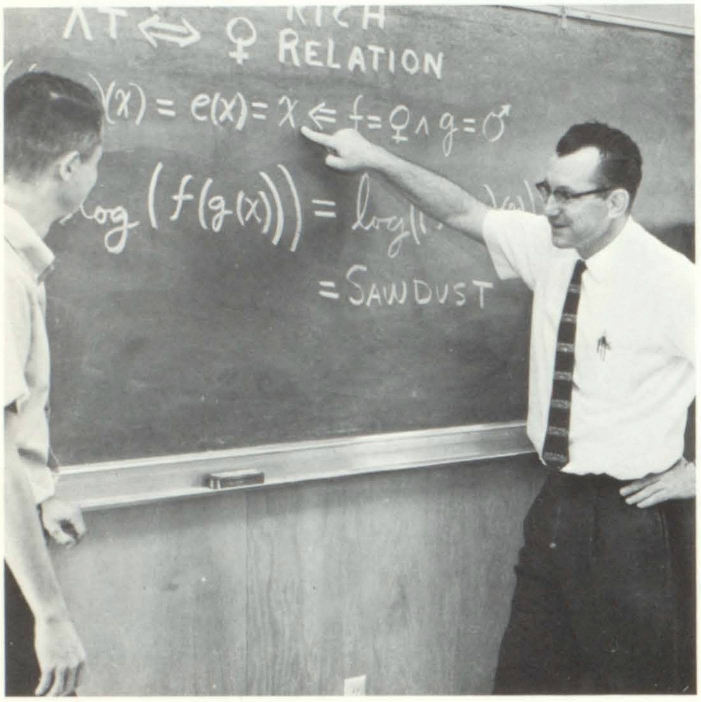
Math Teaches Students to Think Clearly and Logically



Mark wonders how Mr. Crisler connects sawdust with math

"BUT I WON'T need math in my profession!", is a protest often heard by math teachers. Students soon realize, however, that there are few occupations which do not require math. These necessities are answered through Basic's extensive mathematics program.

COLLEGE-BOUND STUDENTS are offered everything from Algebra I to special courses in Math IV. Because of these varied classes students may form a dependable foundation in math extending to whatever degree they wish.

PRACTICAL COURSES IN Basic Algebra, Vocational, and Business math are offered to those students in Vocational and General courses of study. These courses enable a student to obtain a working knowledge in math pertaining to their needs as non-college bound students.

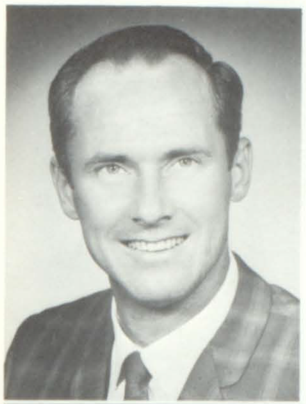
Student Curiosity Answered By Science Department



Lester Burgwardt

John Shaw

Richard Shiles

Ray Wilke

THE HUMAN IS extremely inquisitive, forever wondering why things are as they are, why they react the way they do. Science courses at our school answer these questions to a great extent.

SOPHOMORES TAKE THE only required science course, biology. In this class they study the world of plants and animals.

HOWEVER, MANY STUDENTS find it interesting and profitable to take various other science courses. Freshmen often enroll in general science. This acquaints them with the advances and uses of science in everyday life. Juniors taking chemistry use new text books and laboratory manuals based upon student discovery of chemical data and facts. Physiology students study the structure of the human body, while geology students further interests in the structure of rocks and earth formations. Students advanced in science and mathematics apply their knowledge to the study of physics.

IN AN EFFORT to encourage better science participation, students are required to produce or improve a project every nine weeks.

THE FUTURE IS made more promising through knowledge of the past. This statement is especially true in the fast-paced world of today. In our school's various phases of social studies, students are aided in coping with tomorrow's problems.

IN WORLD HISTORY Freshmen study the various eras of the past from the earliest generation of civilized men to the emergence of present world crises. They are given a better understanding of the people and countries of the world and the problems all must face.

PERHAPS NO SUBJECT fascinates a student more than the history of his own country. Juniors explore this subject with the use of a well furnished choice of books and the seemingly unlimited knowledge of the instructors.

THIS YEAR AT Basic honor students with great incentive and adaption for work were able to participate in an American History class under a federal grant. These students were given the use of many new reference books, records, and tapes.

IN ORDER TO preserve our country's government, democratic citizens must have knowledge of its functions. Seniors obtain this knowledge through the government classes.

TO UNDERSTAND EVENTS taking place in history, students must understand what causes people to act in the manner they do. This objective may be explored through the psychology classes.

ALSO OFFERED FOR those students who are especially interested are courses in European History and World Geography.

Mr. Fuller directs with eloquence

IN THE LANGUAGE department, along with learning the written and oral parts of Spanish, German or French, the student learns some of the background and culture of the people who speak the language. This helps them to greater understanding of other peoples in the world.

USING THE AUDIO-LINGUAL system, students learn to speak after a model. He later learns to read and finally to write what he speaks. In this program, the student can begin to communicate after about two year's study.

BASIC'S ART SECTION encourages students to express themselves originally after learning the basic components of art. This program is to help the students interpret what they see and to lay groundwork for future art training.

TALENTED STUDENTS WHO wish to express themselves may join chorus or band classes. There they co-operate to provide entertainment for the school and memories for themselves. Mr. Wooten's and Mr. Fuller's efforts give the students new knowledge and experiences each year.

Students Prepare for the Business World

IN ORDER TO meet the needs of our rapidly growing business and industrial worlds, the business department trains students to qualify for office positions.

SHORTHAND STUDENTS LEARN to take rapid dictation and to transcribe their notes on the typewriter with attention to spelling, grammar, correct format and speed with accuracy.

TYPING STUDENTS RECEIVE practice in filling out business forms, typing business letters and in manuscript typing. They also build their straight copy typing skill throughout the year.

FILLING OUT APPLICATION blanks, writing application letters and constructing a personal data sheet is also part of the training in advanced shorthand and typing.

DISTRIBUTIVE EDUCATION CONCENTRATES upon improving techniques of distribution, developing an understanding of social and economic responsibilities and offering instructional programs in all areas of distribution and marketing.

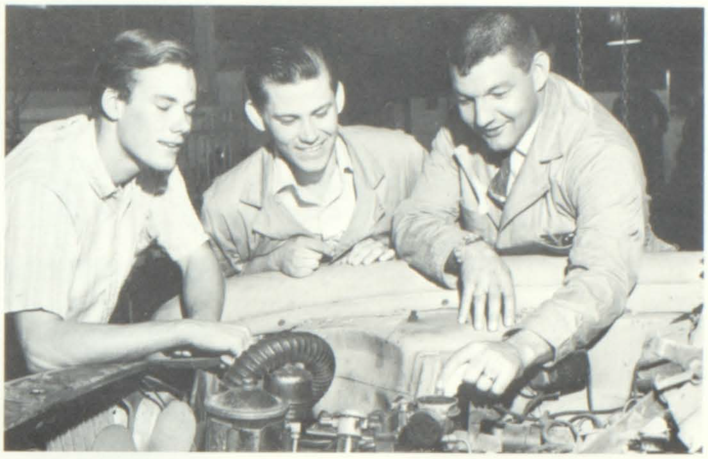
BOOKKEEPING AND VARIOUS levels of typing are also taught.

Mrs. Smalley instructs Chris and Kathy in the use of the adding machine

Mrs. White checks Jeanie's typing progress

Industrial Arts Train Hands and Minds

"Watch out for your hand", Mr. Thomas warns Richard



"That's a carburetor alright" says Mr. Lovitt to Neil and Alan

THERE ARE STUDENTS in our school who wish to train their hands in manual dexterity at the same time their minds are being developed. These students are found in our industrial arts classes.

IN THE METAL and wood shops, students make such practical things as punches, machine lathes, furniture, and boats. They learn to use the forge and become proficient in the different types of welding.

FOR THE NEVER-ENDING supply of students interested in automobiles, our school offers auto shop. Here students are taught the make-up of automobile engines and how to keep them working properly. The many automobiles seen behind the shops are used by these students to provide practical experiences in actually working with cars.

DRAFTING STUDENTS AT Basic are taught precise details of structures used in building. They learn to use drafting boards, to design structures and in some cases learn the intricacies of surveying.

IN THE ARTS and crafts classes, students create beautiful mosaics, tiles, articles of leather, and designs made from tin.

THROUGHOUT THE AGES physical fitness has been of great importance. It will continue to be in the future, for without a healthy body it is difficult to have a healthy mind. Our school strives to insure both.

FRESHMEN TAKE FIVE days of P.E. a week. In these classes emphasis is placed on team sports.

SOPHOMORES TAKE THREE days of P.E. and two of health a week. In sophomore P.E. students attempt sports which require individual skill. In Sophomore health students receive one semester each of health and driver's education.

JUNIOR HAVE THREE days of health and two of P.E. a week. Developing aptness in sports requiring great amounts of specialized skill is the goal of junior P.E. In health these students probe farther in the study of human anatomy.

THE HOME ECONOMICS program gives the students knowledge and experience which will help them acquire values necessary for successful home and community membership. Emphasis is placed on strengthening the basic unit of society—the family—and the center of that group—the individual. To promote and stimulate academic interest in home economics, an award of five pieces of sterling flatware is given to a senior student who has shown outstanding scholastic achievement in the field of home economics.

SPECIAL CLASSES OF no more than eighteen students provide an opportunity for development of the exceptional student's abilities. Special Education is based on the democratic idea of equal opportunity to go as far as our abilities will permit us. The most important aspect of our special education courses is the work experience program which helps prepare the students to live successfully in society after they leave school.

OUR SCHOOL NURSE, Katie Butler, takes care of the students' many aches and pains, both imaginary and real.

OUR SECURITY GUARD, George Garant, maintains a surveillance of the campus to see that order is kept and that unauthorized persons do not leave the campus during school hours.

Counselors Guide Students

MR. CHARLES McLAUGHLIN, who aids students enrolled in both vocational and business education courses, counsels all freshmen, including those enrollees of the college-preparatory course. In addition to these responsibilities, his duties encompass those of issuing off-campus permits, providing information of the armed forces, and assisting distributive education students.

COLLEGE BOUND SCHOLARS may turn to Mrs. Dorothy Robinson for help in coordinating their studies with graduation, college requirements, and their life's ambition. She tries to aid them in finding colleges that will fulfill their needs, and directs them in earning all achievable scholarships and monetary aids.

HANDLING THE PERPLEXITIES of general course students is Mr. Frank Rocha. Some of his duties are those of enrolling new students, arranging for home-bound instruction, and managing the in-school testing agenda.

ASSISTING THESE COUNSELORS is Mrs. Diane Burgemyer, counselor secretary and registrar.

The Executive branch of Our Student Body Government

THE STUDENT COUNCIL has been run in a new and more efficient way this year. The new system of representation of the classes kept the student body well informed on what the student council has been doing.

IN THE PAST years the student council meetings were run under a rather loose form of parliamentary procedure. This year the student council had an expert on parliamentary procedure, their sponsor Mr. Cooke. Through his help they learned to hold more effective and efficient meetings.

THE STUDENT COUNCIL was well organized. There were committees to handle practically any bill or situation that faced the council.

THE MEMBERS OF the student council are hard workers. They have tried hard to promote the extra-curricular activities of Basic High School, and be as active in the community as possible. They had a successful painting of the "B", sponsored the Homecoming dance, staged an all school show with the Desertaires, and had a Homecoming bon-fire. They also awarded the Silver B's, and published the student directories.

MANY STUDENTS ARE not aware that the student council is a member of the Clark County Association of Student Councils. Basic is an active member in this organization. Basic has eight representatives in the organization, the student body officers, a senior class representative, the student council parliamentarian, the Head Cheerleader, and the Lettermen's Club President. This organization promotes better school relations. Its main purpose is to discuss views of the schools on important problems.

We've Met Our Challange at Basic

WE, THE CLASS of 1968, are representative of the great spirit of achievement held by every student of Basic High School. We have gone through school with our eyes fixed upon the goal of a successful and full life.

DURING OUR FOUR years at Basic, we have been preparing ourselves to meet the challenges that the world of today offers us.

WE REALIZE THAT the future depends upon us. If we want to succeed, we must work and study and prepare ourselves. Success without work is vain and unworthy of one's time. Real success is the feeling of achievement, and we, the class of 1968, believe we are succeeding.

WE WOULD LIKE to thank our sponsors Mr. Huffey and Mr. Empson for the guidance and assistance they have given us during the past year.

Seniors meet this year of challenge . . .

. . . with their own words of wisdom

Underclassmen

The underclassmen have been facing challenges throughout their school years working toward the greatest challenge-their senior year.

Junior Class Officers: Wendy Lindblom, Treas.; Jeanne Hughs, Sec.; Boyd Olsen, V. Pres.; Jay Hopkins, President.

We're the Class of '69!

WE'RE THE CLASS OF "69". Being Juniors this year, we are now known as upperclassmen. We have waited a long time for this honor and hope we can make the very best of it.

THIS HAS BEEN a very exciting year for us, starting with the ordering of our class rings. We are very glad that our Junior Carnival and Junior Prom were both great successes.

DURING THE PAST three years at Basic High School, we have kept up the high standards of the school in hopes that we can, in some way, keep Basic at the top and let it always be the "greatest little high school in the West."

WE REALIZE THAT we can't sit back and rest on our memories. Being Juniors, we are next in line to have the leadership of Basic handed down into our hands by the departing Seniors, and these will be hard shoes to fill.

WE WOULD LIKE to take this opportunity to thank our sponsors, Mr. Ruth, Mr. Horan, and Mr. Davis.

WE WOULD ALSO like to wish the Class of 1968 good luck in the future.

BASIC HIGH SCHOOL

The "Once-In-A-Lifetime" Snow Disrupts Basic

Pres., Tia Bennet; V. Pres., Bill Swackhammer; Sec., Janet Benavidez; Treas., Dustin Wheat.

Being the "Inbetweens" is Fun

WE, THE CLASS of '70 have had a very memorable year highlighted by a successful Sophomore Reverse. This year a Prince and Princess were added to our Sophomore Reverse to make it even more special.

WE REALIZE THE opportunities, both academic and social that we have at Basic High School. We plan to take advantage of every opportunity afforded both for the present and for our future needs.

THE SOPHOMORES HAVE found this a year of excitement, of new things to learn and do. Being the in-betweens, we can laugh at the fears of the freshmen and scoff at the troubles of the seniors. As sophomores we have reached the center plateau. With two years of hard work and play behind us we eagerly look forward to the next two years of high school. We've worked hard and trained well and really look forward to being upperclassmen. We know that these next two years will be full of study and other activities that will round out our high school education.

WE WOULD LIKE to express our special gratitude and appreciation to Mr. Rosch, Mrs. Wilke, Mrs. Stroebel, Mr. Shiles, and Dr. Burgwardt for the guidance and assistance they have given us this year.

We're Off to a Good Start

WE, THE CLASS of "71", have found that life at Basic High School is a combination of both fun and hard work.

WE FEEL THAT it is our responsibility as well as that of the upperclassmen to promote school spirit and better our school in every possible way. We hope that during our four years at Basic we can prove to others, as we have to ourselves, that Basic is the best anywhere.

WE ARE VERY proud that we have had the opportunity to attend Basic High as freshmen. We realize that we are at the bottom of the ladder, and we hope to climb higher and higher each year to reach success. We not only wish to climb higher in knowledge but also in maturity and leadership.

WE THANK THE upperclassmen this year and in the past for the fine example they have set for us. Our main goal for our future years at Basic High School is to achieve this same recognition from those who follow us.

WE WOULD LIKE to thank our sponsors, Mr. Purcell, Mr. Crakes, Mr. Samlley, and Mrs. Anderson for the excellent council and guidance they have given to us during the year.

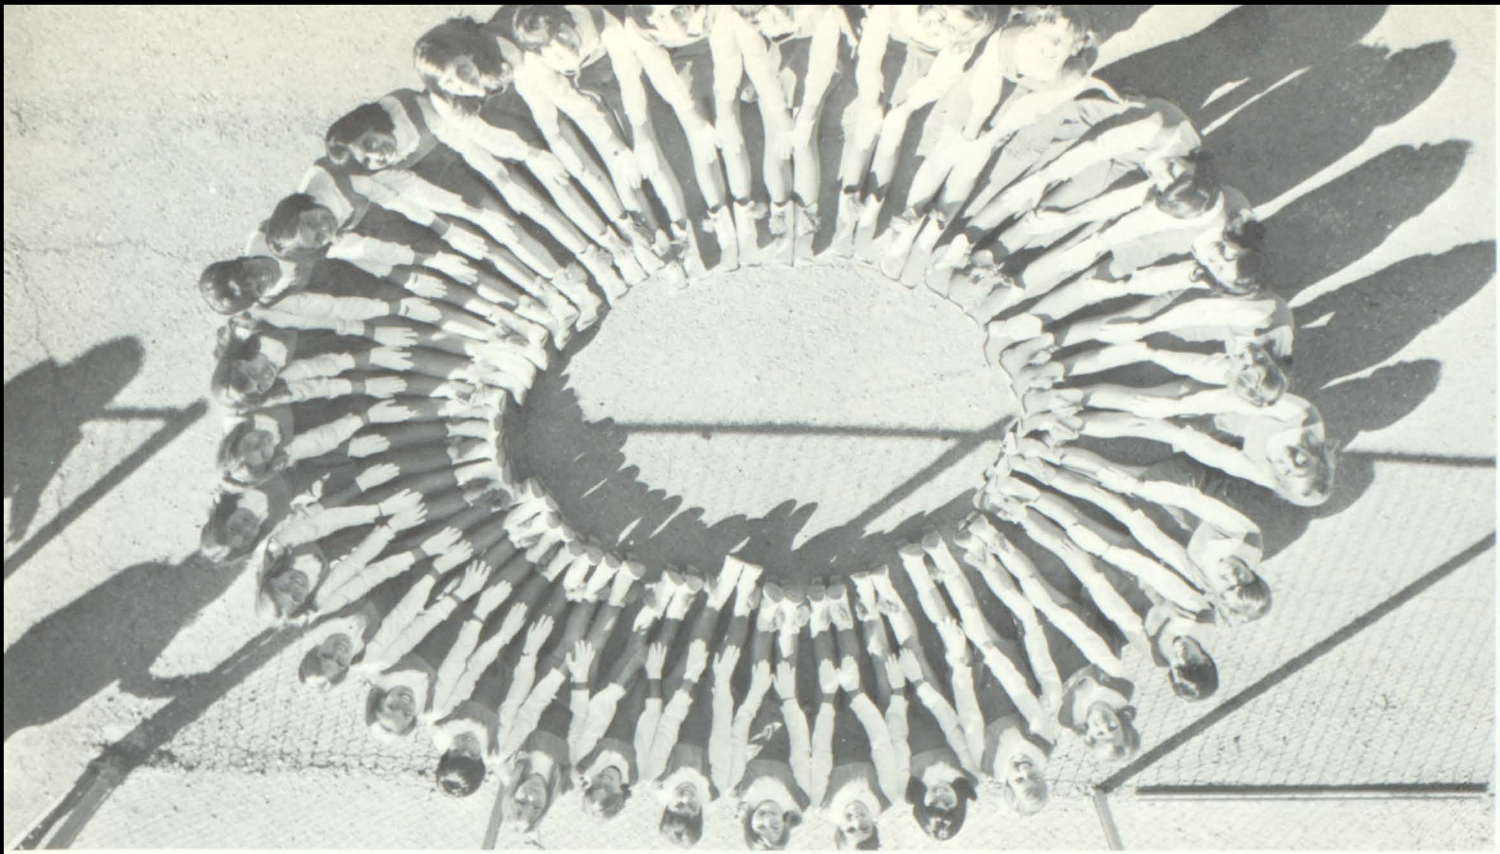
Activities And Organizations



Through activities and organizations the students are given the challenge of exploring diversified fields from the science of computers to the fields of art, literature, and drama.

Fine Arts Members Explore Art, Literature, Music and Drama

Officers: J. MacDonald, Pres.; L. Ruhnau, V. Pres.; L. Phillips, Sec.; Mr. Beatty, Sponsor.

FINE ARTS CLUB

SENIORS WHO MAINTAIN a "B" average in English IV are eligible for membership in the Fine Arts Club upon application. At their initiation the applicants pledge to cultivate appreciation and participation in the four elements of culture: art, music, literature, and drama.

ONE OF THE first programs enjoyed by the members was the presentation of Shakespeare's **Twelfth Night** at Nevada Southern University.

THE FINE ARTS Club encourages participation in the arts by such activities as the reception for the Senior Class Play cast.

EACH CHRISTMAS, MEMBERS of the Fine Arts Club host alumni members and their friends at a special reception. The classes '67, '66, '65, '64, and '63 discussed new and old events over punch and cake. The Fine Arts Club members gained many worthwhile ideas during their chats with the alumni.

THE OBJECT OF the National Honor Society, Agassie Chapter, is to create enthusiasm for scholarship, to promote worthy leadership, and to encourage the development of character. Throughout the year the members hear various speakers and see different films.

MEMBERSHIP IN NATIONAL Honor Society is based on scholastic achievement. A student must have and maintain a 3.0 average and be of outstanding character.

EACH YEAR THE society raises money through various projects to provide a scholarship for some deserving senior. This year one of the main projects for the scholarship was the selling of freshman and sophomore pictures.

MUCH OF THE success of the National Honor Society goes to Mr. Rocha, the sponsor.

Officers: Marley Walker, Pres.; Patty True, Treas.; Patty Aragon, Vice Pres.; Mr. Walker, sponsor; Beth Mallory, Sec.

ARISTOCRATS IS A cultural organization for those students who have reached or passed Spanish III.

EACH MONTH THE students attend a dinner meeting in the home of one of the members. At these meetings, the students eat Mexican food and practice speaking the Spanish language.

MEMBERS TAKE AN annual field trip to Mexico. They spend a day in Nogalas, a border town, where they carry out many projects in Spanish. These projects include haggling, haircuts, and shoe shines. They meet in the afternoon at Las Cavernas to enjoy a Mexican dinner and a serenade by the Mariacheces.

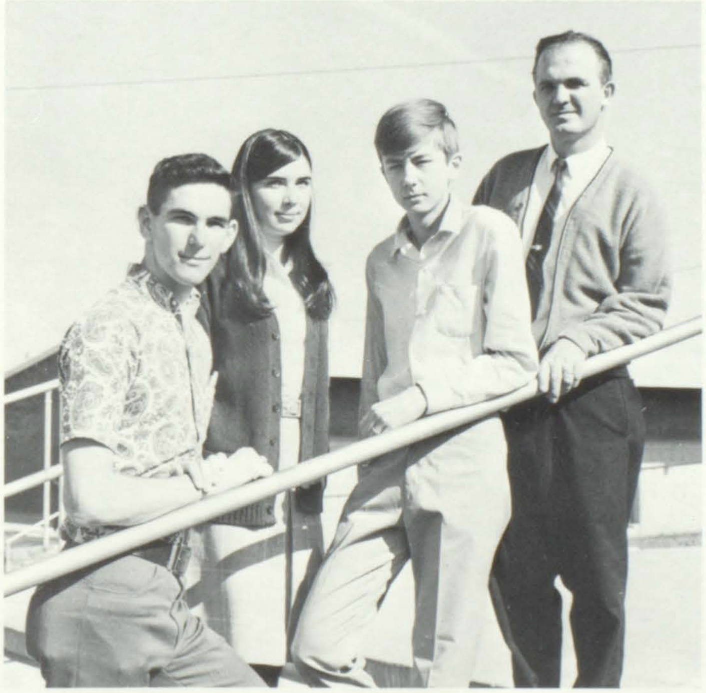
DURING THE CHRISTMAS season, the members carol at the hospital and homes of various faculty members.

THE STUDENTS WOULD like to thank Mr. Walker, their sponsor, for the time and effort he has devoted to making their club a success.

Spanish Club Members

Spanish Club

Dick Winget, V.P., Mary Bryan, Sec., Ben Rassler, Pres., and Mr. Walker, Sponsor.



THIS YEAR'S SPANISH Club's tradition of initiating peons went over very well, considering that there were nearly 150 students, one Mr. Walker, and no casualties.

SPANISH CLUB IS one of the largest and most active clubs on campus. Membership consists of those students who are studying the Spanish language.

IN THIS CLUB, members learn about the customs and history of Spain, Mexico, and Latin America by means of films and guest speakers.

SPANISH CLUB PROVIDES the pinata for the annual Language Clubs' Christmas Party.

THIS YEARS' SPANISH Club members would like to express their appreciation to Mr. Walker and Mr. Workman, their sponsors, for the help they have given them.

Les Elites

LES ELITES

LES ELITES—AS the name suggests, is an exclusive group for French students above second level.

LOCAL MOVIE THEATERS and television offer films and plays which the group can enjoy together. **Cyrano de Bergerac,** a life of Van Gogh and **Moulin Rouge** were films the group enjoyed this year.

THE MOST IMPORTANT aim of the group is to develop an "esprit de corps" and to enjoy working and playing together "in French."

MRS. McDONIEL, THE sponsor, has given the group many hours of her time and effort.

FRENCH CLUB

THE FRENCH CLUB had approximately sixty members this year! This bunch held meetings once a month during activity period on Friday and occasionally in the evenings for such special events as initiation and a scavenger hunt. During the meetings they sing songs and learn about France and its people.

ON THE AGENDA for outside activities were a trip to Mount Charleston, an ice skating party, and the annual language club Christmas party. They also prepared a play for the talent assembly. The yearly banquet for awarding pins was held during the middle of the year.

German Club Members

German Club has Active Year

THE GERMAN CLUB this year is a select group of students interested in broadening their understanding of German speaking peoples.

PROBABLY THE TWO most exciting events of the club's year are the initiation of new members at the first of the year and the banquet at the end of the year. At the initiation, the German blood of the older members shines through brightly as they manipulate their slaves to do their bidding. When the banquet rolls around at the end of the year, the club "springt in die autos und geht zum essen in ein Deutsches Restaurant in der Nachbar Stadt." Officers are elected and memories of the past year are recalled, while plans for a better year, next year, are being made.

MR. REBER, THE sponsor has made this a very active and interesting club.

CAREERS CLUB

DURING THE FALL semester of the school year 1966-67 an elective course called "Occupations" was offered at Basic H.S. Twenty-five students who elected the course stated a desire to continue the work begun in the Occupations class after the completion of the class in the spring of 1967. Jeff Hafen, Marilyn Harwood, Joyce Miller and Debra Black appeared before the student council, presented a constitution for a Careers Club and received approval and recognition for the establishment of the club.

AS A DULY authorized Basic H.S. organization the Careers Club meets during the 2nd and 3rd activity periods and hold one nightly meeting a month. At the night meetings specialized authorities from the community appear before the group and discuss careers and determine what type of speaker will appear before the group. Another function of the careers activity period is to make time available for field trips and visits to various community activities.

THROUGHOUT THE INTELLECTUAL history of mankind one of the most fascinating games that has been developed is that of chess. This game taxes not only his intelligence, but also his imagination. The Chess Club of Basic High School strives to teach its members the game of chess in its finest form. The members of the club face each other on many fine afternoons with a deep determination to wipe each other off the surface of the chess board. The winner's reward is the deep satisfaction of having accomplished his purpose.

THE FRESHMEN MEMBERS compete with other Freshmen clubs throughout the district, and the upperclassmen run several elimination tournaments to establish a school winner.

COMPUTER CLUB

THE MEMBERS OF the Computer Club learn about various types of data processing and specific computer technique by visiting speakers, field trips and study. Fortran, the language of the computer is learned. The aim of each member is to "run his program" on the computer.

THE SPONSOR, MRS. ANDERSON, guides the students in programming and teaches them to use the flexowriter, which is their link to the computer, at Valley High School.

EL LOBO YEARBOOK

"WE'VE GOT TO get busy or we're not going to meet the next deadline," is a familiar statement to students on the yearbook staff by the end of the year.

BEHIND THIS BOOK are many hours of careful planning, designing, writing, picture taking, and finally proof reading.

THE STAFF OF the 1968 El Lobo has made a special effort to show the highlights of the past year in a manner that will please both students and faculty.

THE 1968 EL LOBO staff would like to express their most sincere appreciation to their faculty sponsors, Mr. and Mrs. Purcell, for the time and effort they have devoted to making this book.

ONE OF THE most welcome days each month is the day on which the school newspaper, The Lone Wolf, is sold. This is a day of happiness not only for the student body, but also for the students on the staff of the newspaper. This staff of the Lone Wolf has worked hard for several weeks to insure that a good school newspaper would be available.

MOST PEOPLE WOULD be surprised at the amount of work that it takes to put out a good school paper. The campus must first be scoured for interesting leads which must next be made into stories. After the stories are written, copyread, and typed, the copy is then fitted on the pages of the newspaper according to the standards of good journalism. Next headlines are written, and the paper goes to press. A check by the editor and the printer is made for final polishing before the paper is presented to the student body of Basic High.

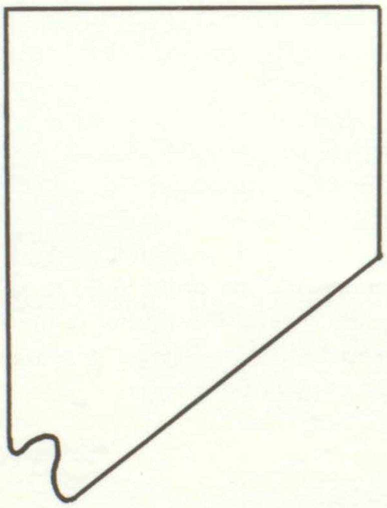
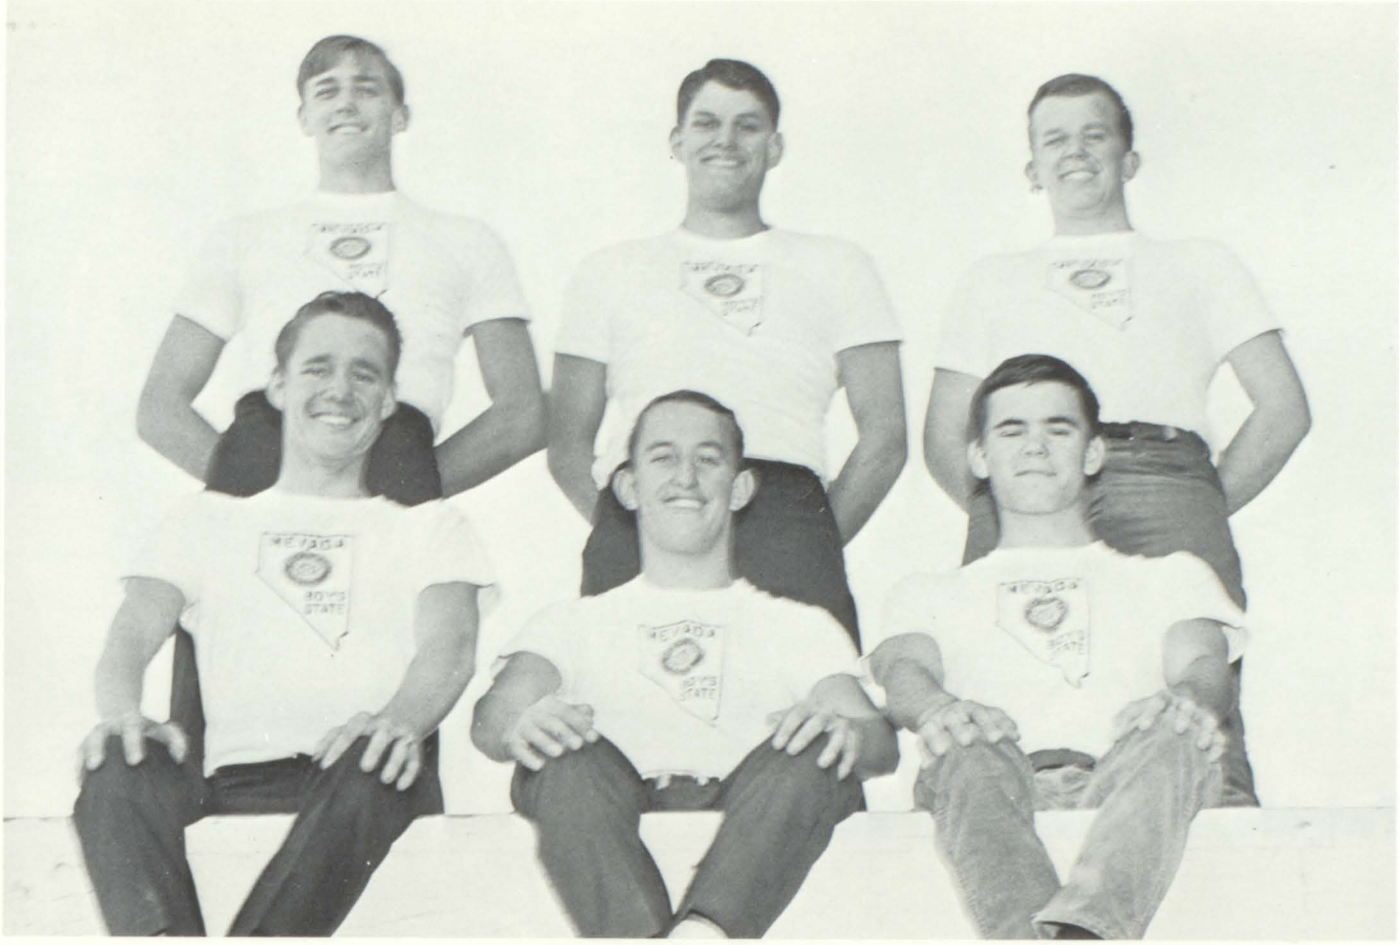
GIRLS STATE — Government in Theory . . .



GIRL'S STATE and BOY'S STATE

AT THE BEGINNING of each summer four or five junior girls are selected by their classmates, and sponsored by the American Legion Auxiliary. They meet at the Reno campus with other girls from all over the state. At Girl's State they learn about living and working together both as individuals and as members of a community. They experience the thrill of winning and the disappointment of losing an election. They learn the duties, privileges and responsibilities of being an American citizen, and because they learn all this, they are better qualified to work in and help their own communities.

HOW WOULD YOU like to be a governor or state legislator? Each year several boys from each high school in the state have an opportunity



ROW 1: Ted Schutz, Don Ericson, Doug Swinney ROW 2: Steve Mendive, Ernie Pantuso, Mike Kelley

. . . and Practice — BOYS STATE

to be officers of the state for one week. This is made possible through the American Legion Nevada Boy's State. A group of boys are recommended to the American Legion because of their outstanding leadership in school and in the community. Five or six boys are chosen from this group to go to the state capital for one week. There the boys learn what it is like to win an election and what it is like to lose. They become better citizens by learning how the state, local, and national government functions.

THE TRIP IS not all serious work, however. The boys and girls meet their counterparts from other high schools, make new friends and do many things that seem to start spontaneously. All in all, everyone has a thoroughly enjoyable and profitable time. Many return home wishing they could return next year.

THE ASTRONOMY CLUB this year has been very active. We began the year with a pop bottle drive. At different times we spent hours observing an eclipse of the moon, a meteoric shower and various star formations. During the summer the club met and participated in several activities.

WE WOULD LIKE to thank our sponsor, Dr. Burgwardt for his assistance.

USHERETTES

THIS YEAR THERE are ten members in Usherettes. To become a member a girl must achieve a 2.5 grade point average and must maintain that average throughout the year.

THIS ORGANIZATION SERVICES Basic High by ushering at football and basketball games, assemblies, plays, concerts, open house, and graduation.

NEW MEMBERS ARE taken into the organization each year through a tapping ceremony. Each girl is presented with a formal invitation and a white carnation corsage when she is asked to become a member.

SPONSORS WHO HAVE guided these girls through the year are Mrs. Smalley and Mrs. Anderson.

ONE OF THE most active clubs on the Basic High campus is DECA. This club is for those students interested in becoming part of the business and commercial world. It offers them the opportunity to take their first step in this direction. One of the prominent ways of providing this opportunity is the annual participation in the "Boss for a Day" project. In this program, which receives national recognition, club members exchange places for one day with the merchants of Henderson who allow them to take command of their establishments. It is a very educational day for all concerned.

OTHER PROJECTS WHICH were undertaken by DECA this year was the running of the student council store as well as keeping up-to-date the announcements posted on the bulletin board outside of the library building.

MR. BOTTS, THE sponsor, is to be thanked for his able assistance.

INDUSTRIAL ARTS CLUB

THE MAIN OBJECTIVES of the Industrial Arts Club is the improvement of the Basic High School campus and to help obtain higher standards for the club itself.

THEY HAVE A special committee that finds things that need improvement on the campus. Then,'they refer these things to the club members.

FIXING AND MAINTAINING the benches and lunch tables is only one of the many projects they have each year.

THE INDUSTRIAL ARTS Club sponsors are Mr. Davis, Mr. Thomas, and Mr. Lovitt.

FUTURE HOMEMAKERS OF America is the national organization of girls studying homemaking in high schools throughout the United States, Puerto Rico, and the Virgin Islands.

AS AN INTEGRAL part of the homemaking program, FHA provides opportunities for students to have additional experiences in planning and carrying out activities related to homemaking.

THE BASIC CHAPTER has 108 members. They attend meetings once a month as well as participate in extra activities. These include the mother-daughter banquet, the Christmas party, and the Sweetheart Reverse. The club also sponsors a service project for St. Jude's Ranch.

MRS. WILSON AND Miss Ryan, the faculty sponsors, are responsible, in a large part, for the success of FHA.

IF YOU HAVE a special interest in the vast world of business, then the Business Careers Club is for you. This popular Basic High School organization aids in developing better workers for the business world of tomorrow.

ONE OF THE highlights of this club is the interesting speakers who address the members each year. These speakers are carefully selected so that the year's program will give a complete picture of the business world. The club also introduces to each member the importance of good grooming in the business office. Various dress shops and cosmetic agencies participate in this phase of the club by presenting instructional materials and demonstrations to the members of Business Careers.

THE SPONSORS OF this interesting club are Mrs. White and Miss Hodson.

Officers: L. Ruhnau, Treas; C. Burkhart, Business manager; C. Jolley, Sec; P. Aragon, Reporter; N. Brady, Pres; V. Barton, Soc. Chairman, C. Purcell V. Pres; J. Simmons, Program chairman.

HEALTH CAREERS CLUB, formerly known as F.N.A., is composed of girls who are interested in the medical profession as careers.

A WIDE VARIETY of speakers and films inform the girls of the many opportunities and advantages available to them in this highly satisfying field. One of the major services performed by this club is community participation in the annual Heart Fund Drive.

THE MEMBERS OF the Health Careers Club would like to thank their sponsor, Mrs. Butler for the assistance she has given them this past year. A special thanks goes to Mrs. Walter M. Today's Students; Tomorrow's Teachers.

ONE OF THE most difficult jobs that a person can seek to undertake is that of becoming a teacher. Yet there are Basic High students who seek just this. They are the members of Basic High's Future Teachers of America Club.

THIS ORGANIZATION PREPARES interested students for the role of becoming teachers. It informs them of the necessary requirements, of new instructional materials available, and of the different levels on which they can teach. Club members often go on tours through educational centers in Southern Nevada. They also enjoy many parties and FTA sponsored get-togethers.

Interact Promotes World Understanding

INTERACT

INTERACT IS AN exclusive organization for boys composed of 15 seniors, 10 juniors, and 5 sophomores. It is sponsored by the Rotary Club, whose meetings the boys attend each week.

NEW MEMBERS ARE chosen by members of the previous year. After this choosing, invitations are given out.

MEMBERS HAVE ONE dinner meeting a month with a guest speaker. They attend a district convention in California each year.

THEY CARRY OUT three main projects each year: one for the school, one for the community, and one to promote international understanding. This year they had a community clean-up day. They also sent needed items to the people of Ecuador.

Officers: D. Augsberger, Vice Pres; M. Kelley, Pres; J. Hopkins, Sec-treas.

Safety For All

AN ORGANIZATION WHICH is relatively new to our school is the Highway Safety Council. This organization seeks to make Nevada highways safer by bringing before the Basic High School students the importance of safe and courteous driving.

THE NEVADA YOUTH Safety Council held its annual conference in which our council took an active part. In this conference, students were divided into discussion groups which met and debated various problems facing Nevada motorists. Each group passed several resolutions which were then voted on when all the groups met together at the end of the day. Basic High council members returned with great determination to pass on to the students what they had resolved.

Students Discuss Current Problems

SUN YOUTH FORUM

THE 12th ANNUAL Sun Youth Forum was held at the Las Vegas Convention Center on December first.

THE YOUTH FORUM brings together students from the high schools of Clark County to discuss topics of interest and problems close to the lives of high school youth.

EACH HIGH SCHOOL selects ten students from the Junior and Senior classes for each of the seven discussion topics: National Affairs, Education, Crime, International Affairs, Local Affairs, Social Attitudes, and Teenage Dilemma.

DISCUSSIONS BEGAN AT 9:00 A.M. and continued until 3:00. Between 3:00 and 3:30 summatizers were chosen by the moderators for a special banquet and presentation held the following week.

Junior Members of the Forum

BIOLOGY CLUB IS composed of sophomores, juniors, and seniors who are interested in further study of plants and animals. The members are given the opportunity to learn about the living organisms in the world around them through field trips, films, and guest speakers. This year's special project is to plant additional landscaping around the office.

THE MEMBERS OF this year's club would like to thank their sponsors, Dr. Burgwardt and Mr. Shiles for time and effort they have given to the club.

"Put Your Best Foot Forward"

THE MOTTO OF the Desertaires is "Put your best foot forward." This motto is perpetuated by each of the thirty-four girls chosen to represent Basic High School as part of this organization. Members are chosen on the basis of poise, posture, personality, and rhythm. Only the best are accepted, and each girl must maintain a high scholastic average throughout the year.

THEIR HARD WORK at practice every morning is appreciated by all when the Desertaires march for football and basketball games, pep assemblies, various parades, and benefits.

A GREAT DEAL of thanks goes to Miss Ryan, and Mrs. Rosch for the fine work they have done.

Happiness is singing on Key

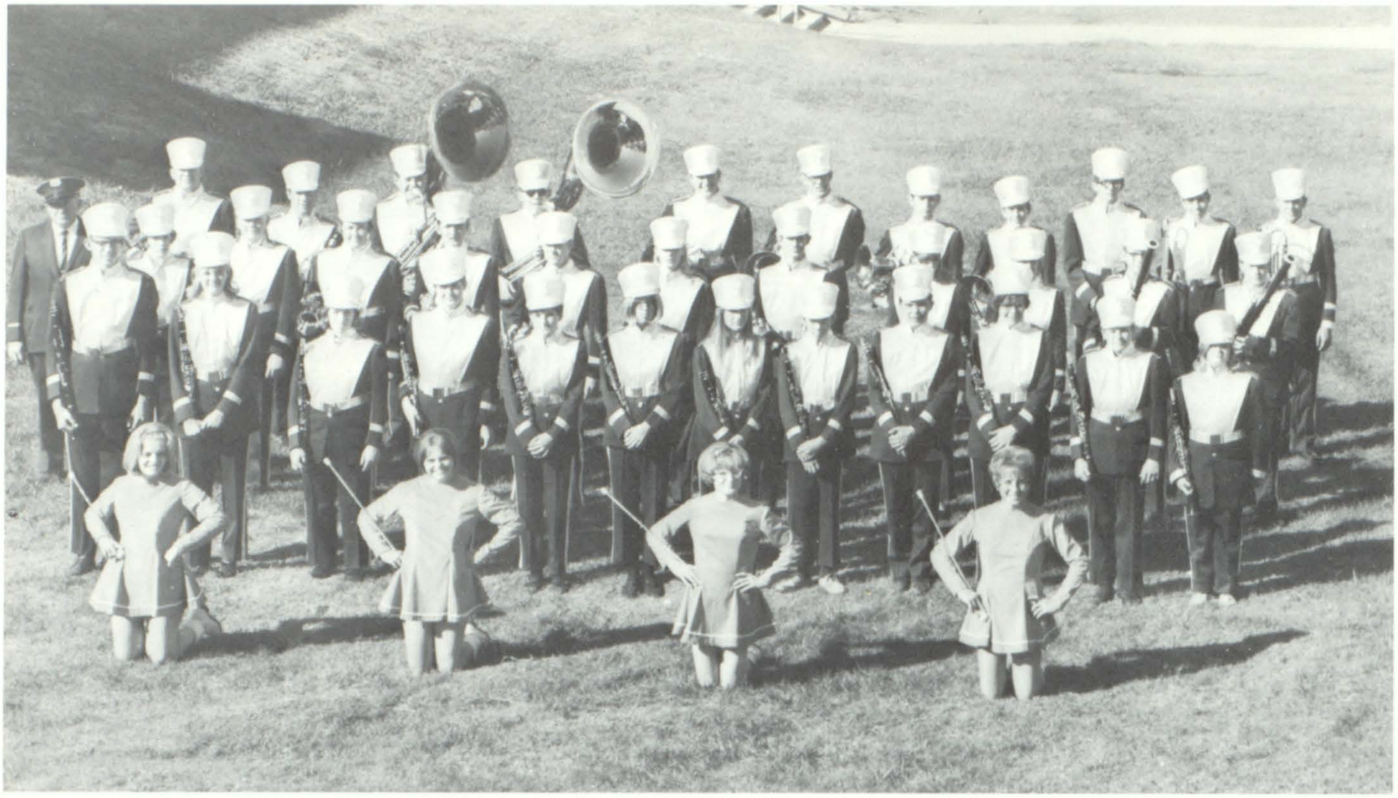
MADRIGALS

"I WANT TO EAT!" is often heard echoing through the music building during the lunch hour practices of the Madrigal group.

SOMETIMES IT SEEMS impossible that the well-organized group that sings nonsensical and serious songs so beautifully for students and Rotary Clubs, is actually the group that is heard singing during the lunch hour. One must remember that there were no sandwiches or drinks among the ranks during performances. While receiving a great deal of enjoyment during practices and performances, the group learned very much.

CHORUS

IF YOU CHANCE to be meandering around campus during sixth period, you will hear Mr. Wooten and the chorus students busy rehearsing for the various functions at which they perform. During the year they sing at the Chorus-Band Christmas Concert, the Spring Concert, and in the spring present an operetta which is always an outstanding production. Their annual money making project is the selling of Bowers candies. The proceeds are largely used for awards and other presentations.



Basic High School's marching band and twirlers

THE BASIC HIGH School concert and Marching Band is now one of the most active organizations on campus. During the fall months, the marching band furnishes pep music and halftime entertainment for football games. The band also plays for the basketball games in the winter.

THE CONCERT BAND begins the long, sometimes tedious rehearsals for various future events in November. The Christmas Concert is held annually in conjunction with the Chorus and in it are performed many favorite contemporary, classical and popular Christmas compositions.

IN THE SPRING there is a concert and a district music festival at which the band's performance of three musical compositions is evaluated. And, of course, there are always parades for the band to march in.

SINCE NO ORGANIZATION can operate without funds, the band members sell book covers, and during lunch time, they sell everyone's favorite—popcorn.

PEP BAND

THE PEP BAND, Drum Major, and Twirlers provide a sparkle that boosts the spirit of both the team and the student body. They are one of the greatest enthusiasm builders of Basic High School.

MANY HOURS OF practice are given by these students after school, both together and individually. In the early weeks of spring a banquet is held at which the members receive awards for their work throughout the year.

Oral or Dramatic . . . Each is a Means . . .

THE DRAMATICS CLUB was successful this year in promoting interest in the performing arts. This club took an active part in the competition offered to it in this area. It also presented a bill of enjoyable one-act plays.

THE DRAMATICS CLUB members enjoyed the wide variety of activities found in the field of the performing arts. Some of the members gave technical assistance in the senior class play production. Others learned the art of applying make-up to the performers. Still others learned the odds and ends that come with staging a play.

IN MODERN SOCIETY the written and the spoken word can be of unlimited value if one learns how to use it properly. The Forensics Club teaches the very best way to use the English language.

THE CLUB IS divided into two areas, debate and the oral interpretation of literature. Debate is the area which seems to require the most time and effort and those who participate in this endeavor soon find themselves involved in many long, interesting meets.

ORAL INTERPRETATION INVOLVES reading a story or theme with intense feeling and emphasis. This area also takes in pantomime, extemporaneous speaking, and informative speaking.

Forensic officers are: Ed Bigelow, V. Pres.; Jordan Dodd, Pres.; Pam Eighmy, Sec.

WHO IS "INSANE"?

IT'S A QUESTION to which there are many answers, and it isn't at all surprising to discover that not all "insane" people are shut up in asylums.

ON THE OTHER hand, many of the "nuts" who are committed to asylums are kind, gentle, and even "sane"!

Homecoming Highlights Fall Activities

THE CHAOS AND confusion of Homecoming began with the bonfire Thursday night. Excitement and spirit continued to rise Friday afternoon through the pep rally, car caravan, and decorating, and was climaxed by a well-fought football game with Rancho High School.

THE QUEEN CROWNING ceremony preceding the game added to the beauty of the night as did the burning "B" on Black Mountain.

PROVIDING A BEAUTIFUL ending to an exciting evening was the Homecoming dance, whose theme, "Yesterday," was carried out in pale yellow and green.

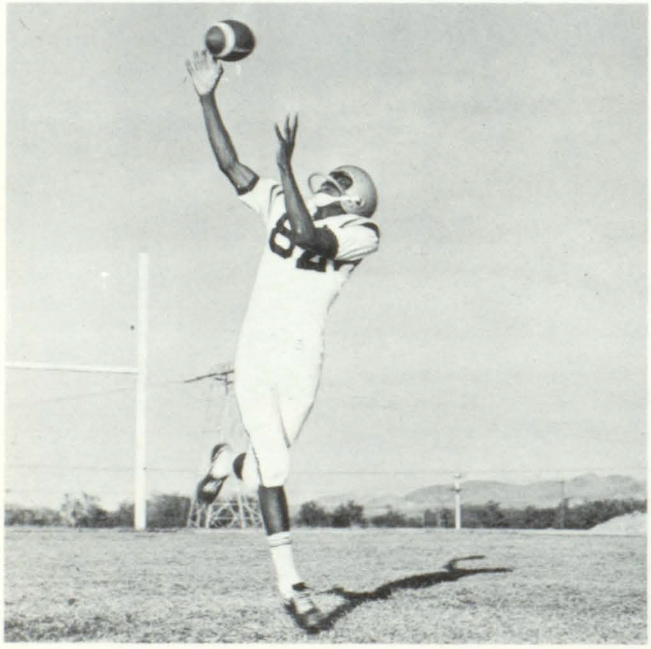
J. V.—Our Future Varsity

Charlie James goes up for a pass.



WE STARTED THE season with a loss against Cedar, but we came back the following week to fight for our first victory since 1965 against Fillmore. Revenge with Boulder City will have to be left up to our team next year. The exciting win over Webb and the following week with Kingman, brought us to the toughest part of our schedule, with Rancho and Las Vegas. The win over Needles brought our record up to 4-4. However, our hard fought game against the highly rated Gorman team proved to no avail.

ALTHOUGH THIS YEAR'S football season ended with a 4-5 record, it seemed most rewarding to the team in teamwork, skill and understanding of the game. I am sure the team appreciated the time, effort, and worrying the coaching staff put in on us this year. A special thanks to Mr. Keegan.

Basketball Teams Post Action Packed Season

AS TWO BOYS stand in the center of the court with their team mates circling them, the ball leaves the ref's hand and they jump. The action of another basketball game has begun.

ALTHOUGH THE BASKETBALL team had a rather disappointing season, they did gain valuable experience for next year.

THE SEASON OPENED with two victories at home making the school spirit and the team's attitude high. But then the Wolves lost two games in a row in California. In the next few games, the boys played well individually, but couldn't seem to function as a team.

BASIC'S RECORD IS a little misleading because of the many close games, including two which were lost in overtime periods. But one thing is definite, the Wolves will be ready for all challenging teams next season.

THE WRESTLING TEAM experienced a few disappointments but, with the help of Coach Walters, pulled through with one of the best teams in the league. Number three in the conference, we probably gave our best efforts against Clark High School where the score was 22-24. This win would have tied us for first place in the Southern Nevada conference.

PROBABLY THE MOST exciting home meet was Basic vs. Gorman. As the wrestling meet progressed into the heavy weight division, the score was tied 20 all, then big Chris Bair decisioned Gorman's heavy weight 3 to 0. Although we didn't win all of our meets this year, we brought our record of consecutive wins to 23. Basic has held the honor of being undefeated for 3 years.

THE WRESTLING TEAM has worked hard all year and sometimes they can get pretty tired of a little room with red brick walls. But it is worth it when you've got a winning team and you know you're representing Basic High School.

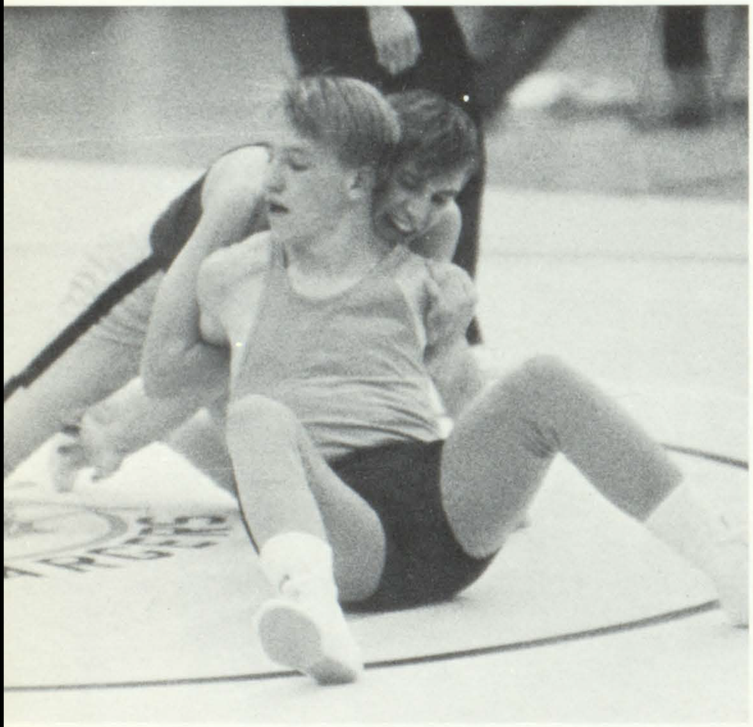
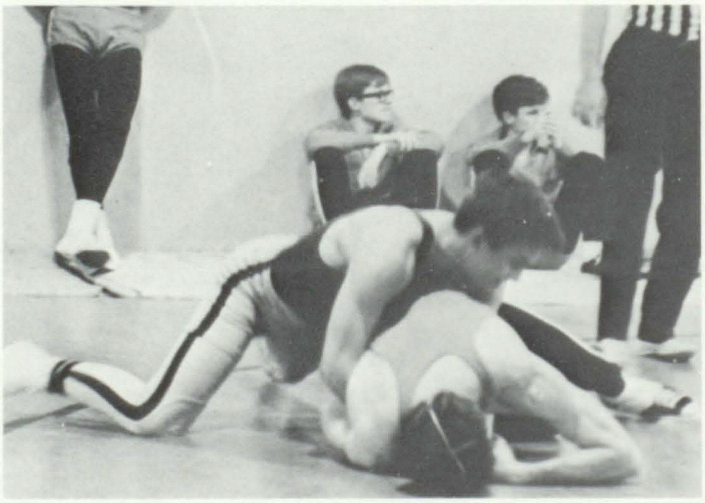
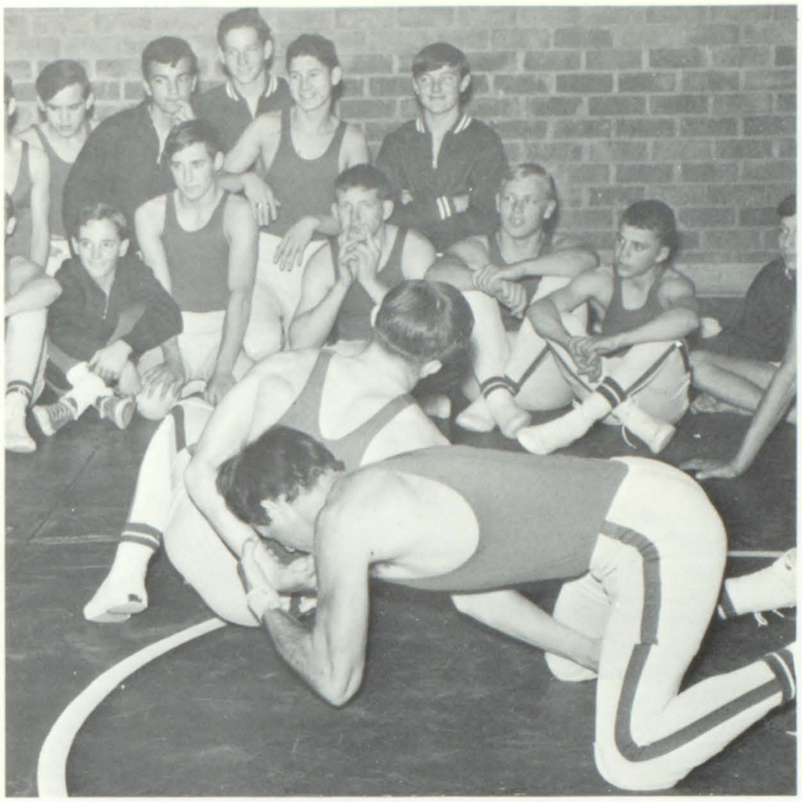
Dave Wheat struggles with Danny Peeples in the Red Brick Room.

Clyde Caldwell grunts and groans while attempting snap-back.

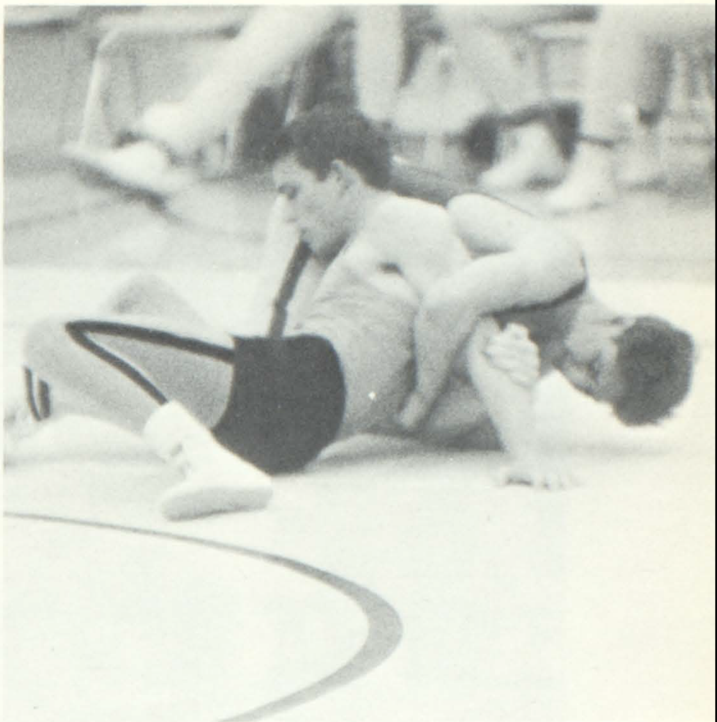


Gary Smith "chuckles" away while opponent struggles to get up.





Otto Draken grabs an arm to prevent Stewart Barquist's switch.



Bryan Harless grabs an arm tight to try a pinning hold.

SCHOLARSHIP + DESIRE + ABILITY = SUCCESS

THIS IS THE formula your baseball team is developed upon. The keys to the success of this formula are hard work and dedication. Your classmates on the team spent many hours molding a Basic High baseball team which the school can be proud of.

WE WOULD LIKE to congratulate the student body on its fine display of school spirit throughout the year. We hope it continues throughout the years.

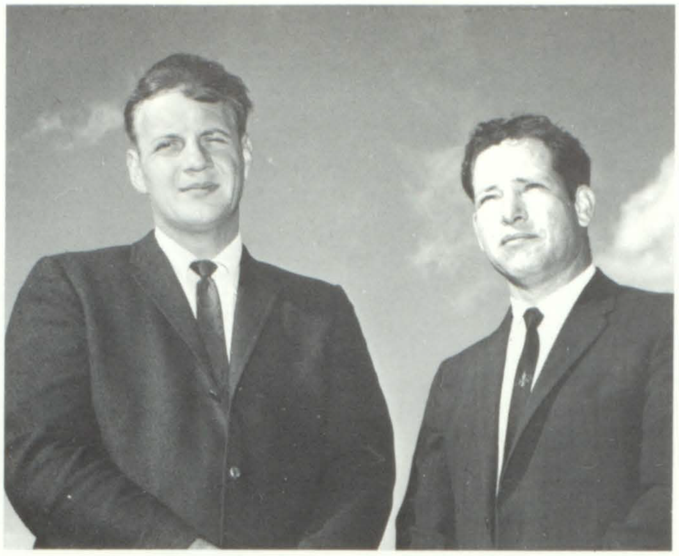
Track-Sprints and Strides



COACHES: Mr. Keegan and Mr. Kibler

DURING THE 1968 track season the varsity track team competed in four dual meets, one triangular meet, three invitationals and the zone track meet. The dual meets were with Las Vegas, Gorman, Boulder City, and Kingman, Arizona. The triangular meet was with Moapa Valley, Valley and Basic at Moapa Valley. The three invitational meets were sponsored by Western, Rancho and Basic.

THROUGHOUT THE 1967 season the track team was inspired by the preseverance and outstanding performances of Norman Millett, John Ferry, Louis Adamson and Tom Houston.

NORMAN MILLETT RECORDED outstanding times in the 120-yard high hurdles, 180-yard low hurdles and the 440-yard relay team. John Ferry was once again one of the outstanding discus throwers in the state. Two others who helped spark the track team were Tom Houston in the 880-yard run and pole vault and Louis Adamson in the one-mile run.

BASIC
STUDENT BODY

All You Need is "Love"

AFTER BEING A recognized sport at Basic, tennis has been promoted to a major letter.

THIS YEAR'S TEAM is composed of eight members who continually vie for the top four positions. These top four play singles while the other four are divided into two doubles teams.

DUAL MEETS ARE held with each school in the county during the season. Each match consists of five singles and two doubles contests.

IN THE SINGLES, each single player must play each single player on the other team at least once.

THE MEMBERS OF the tennis team would like to thank Coach Wilke for his excellent guidance.

BASIC'S GOLF TEAM, coached by Mr. Don Smith and Mr. Robert Taylor, had a successful season this year.

THE TEAM MEMBERS are comparatively young this year. Most of its members are sophomores.

MEMBERS PLAY A ladder within their own team in preparation for their meets with other schools. Their matches are played at Black Mountain Country Club, as well as many fine clubs in Las Vegas.

Basic High's Bowling Team

ONE OF THE increasingly popular sports in America today is Bowling. It is a sport which can be enjoyed by people of all ages at any time of the year. But bowling seems to be particularly attractive to the teenage generation and in Basic High School it is no exception. This year's Bowling team enjoyed an especially active season with many new members and several old ones.

ALTHOUGH BASIC'S BOWLING is still relatively inexperienced they held their own again this year against the more experienced teams of Clark County. The Bowling league is in its seventh year of existence and has the full sanction of the Clark County School District.

Reta Harris successfully digs a fast serve

ALTHOUGH THE FRESHMEN team did not have a good season, they showed much promise for the years to come. For them the season started out slow, but with each passing week they gave their opponents more competition.

Team members are: ROW 1. K. Frei, B. Moore, J. Sena, C. Hedland, E. Brown, R. Hansen. ROW 2: R. VanCamp, L. O'Dell, A. Sheahan, R. Harris, C. Bartimus, C. Teer, C. Ackerman.

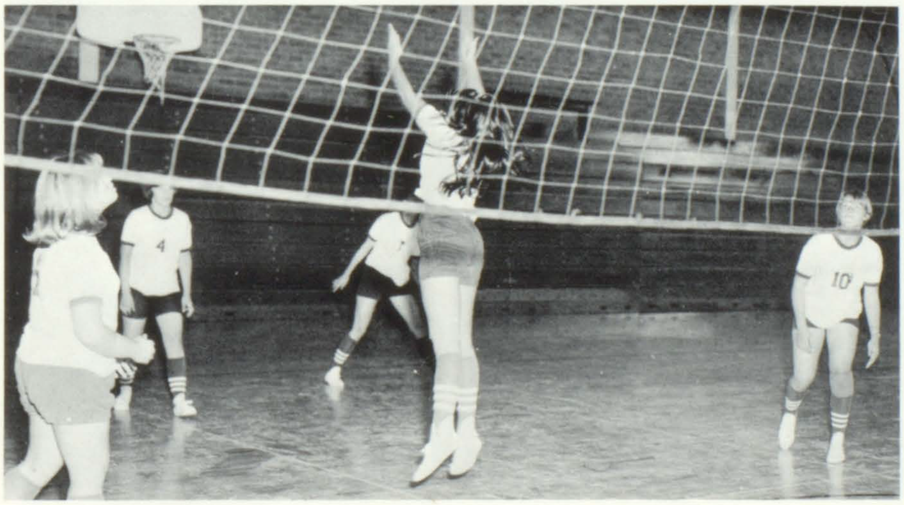
THIS YEAR'S JUNIOR varsity team was a credit to Basic High School. Even though they had to play against varsity teams, they were a hard team to beat. Martha Sheahan, a junior varsity member, was named most promising player.

Team members are: ROW 1: D. Wesson, M. Mead, V. Lehman, M. Sheahan, L. Pagan, D. Hedland, B. Gray. ROW 2: J. Nielson, M. Cowen, R. Snowden, F. Bergemeyer, B. Gibson, D. Fritz, T. Polley.

Joan MacDonald puts one over the net while team members back her up

THE GIRL'S VARSITY volleyball team had a winning season this year with a record of seven wins and one loss. The player scoring the highest number of total points was Charlene Wesson with 47. The team took second place in both the volleyball league and the annual Girls' Invitational Volleyball Tournament. On the varsity Charlene Wesson was named as the most valuable player, Manchie Cole as the most inspirational, and Joan Sommers as the most improved.

Team members are: T. Boyd, A. Elam, J. Sommers, M. Cole, J. MacDonald, P. Magee, K. Larsen, and S. Anderson.



Manchie Cole sets up a high ball for the spikers

J. V. team:
ROW 1: A. Smalley, M. Stenseth, D. Fritz, M. Sheahan, C. Kramer, J. Smoot, J. Nielson, ROW 2: S. Foote, V. Lehman, M. Mead, P. Bates, D. Swackhamer.

Manchie comes in for a shot while Carolyn and Nancy guard.

Girls Take To Basketball Court

THIS YEAR'S JUNIOR VARSITY and Freshmen Girl's Basketball teams showed great promise for Basic's future teams. The Junior Varsity won two of their seven games against the varsity teams, upsetting second place Gorman by a score of 12-8. They were the only junior varsity team in the league. The Freshmen team, composed mostly of seventh and eighth graders, won two of their eight games.

Frosh team:
ROW 1: C. Teer, M. German, ROW 2: R. Harris, C. Stapleton, C. Owens.

M. Cole goes up for the shot which C. Jolley attempts to block.

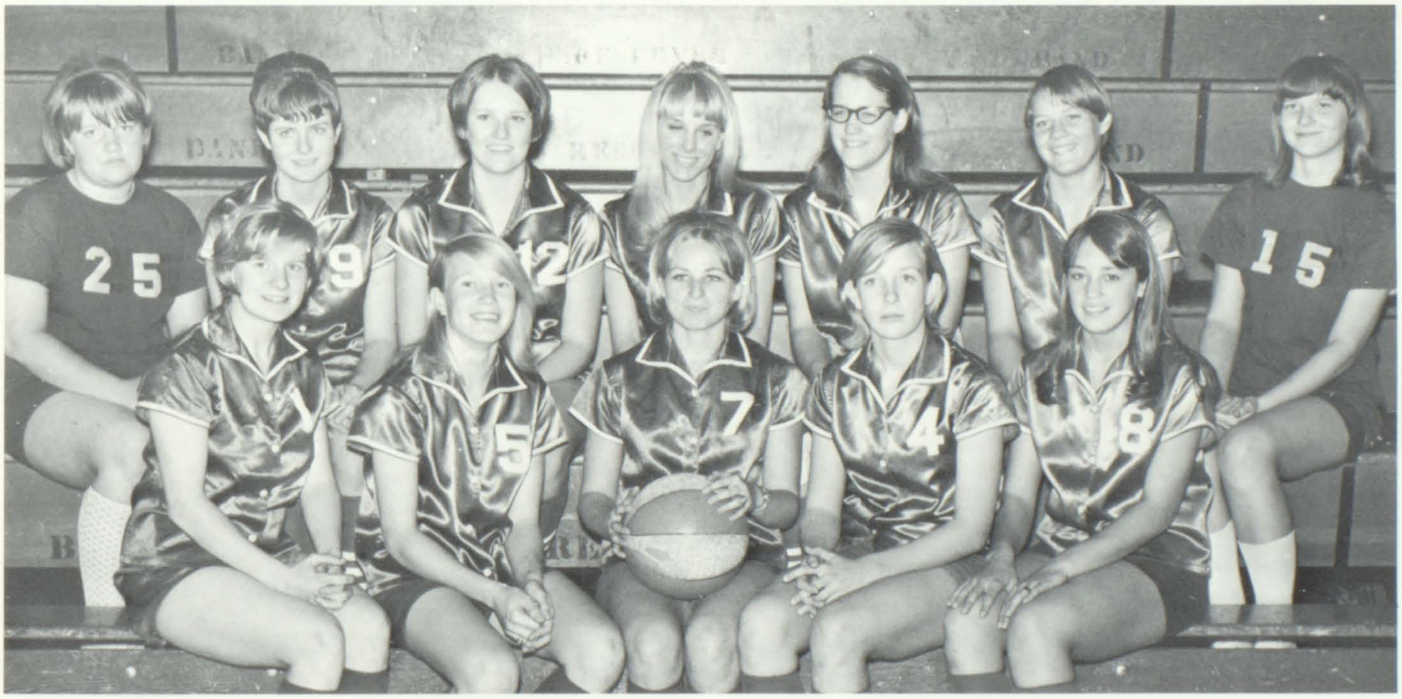
Members of the junior varsity team go up for a rebound.

A FEELING OF DETERMINATION and ability fills the air as Basic's Girls' Varsity Basketball Team streams onto the court. Everyone present seems to know that the game about to begin will be a good contest till the final buzzer rings.

THE VARSITY THIS year won four of their seven games. Every game was one that will long be remembered by winners, losers, and spectators alike. The team, which is made-up of mostly underclassmen, began the season at a slow pace, but improved noticeably with each game as the players acquired greater ability and experience.

HONORED PLAYERS ON the Varsity were Manchie Cole, most valuable; Nancy Hazeltine, most improved; Bonnie Gibson, most promising; and Terri Boyd, most inspirational.

Varsity team: ROW 1: K. Larsen, J. Sommers, C. Jolley, N. Hazeltine, M. Cole. ROW 2: P. Lowes, B. Gibson, M. Cowen, P. Bowling, B. Fannin, T. Boyd, L. Burr.



Joan Sommers slides in past Joan MacDonald

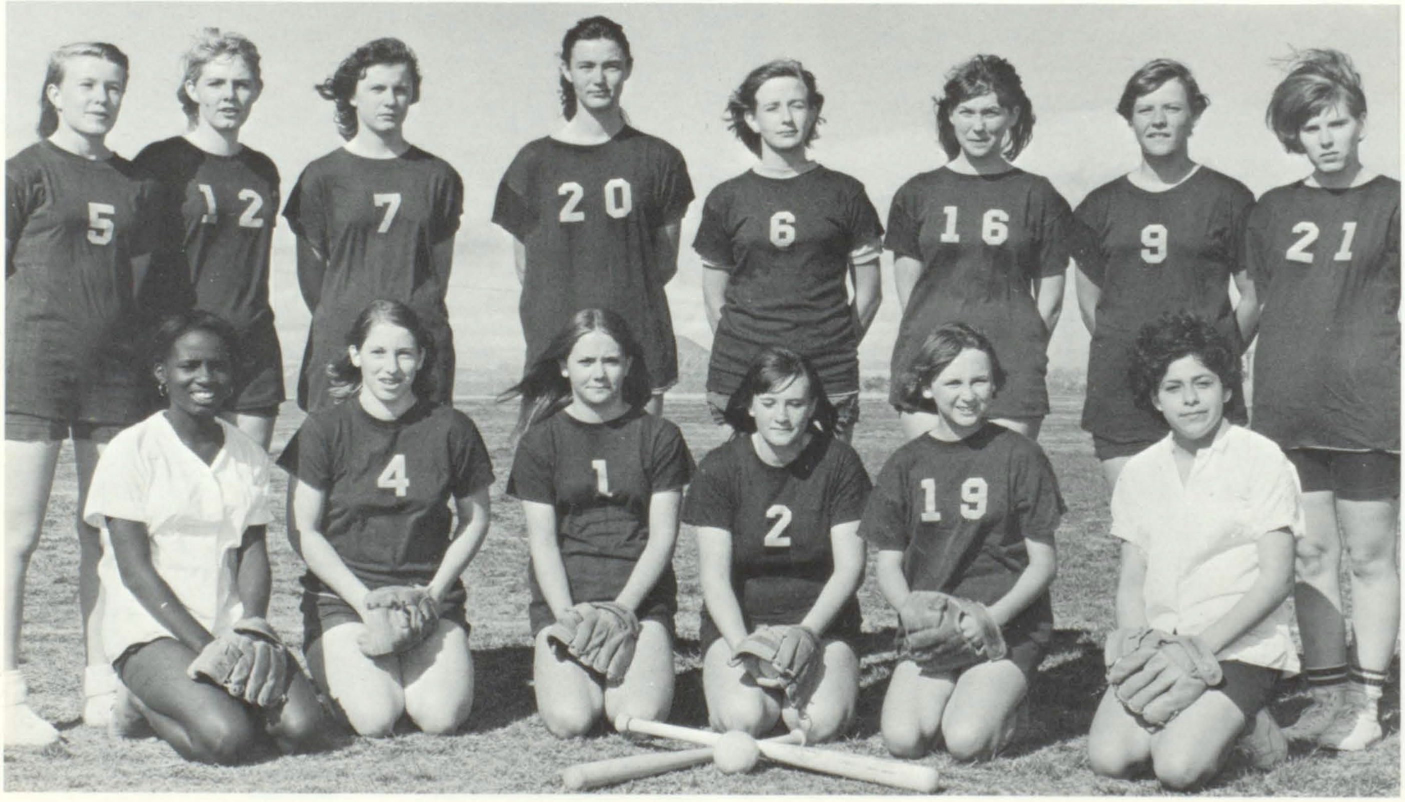
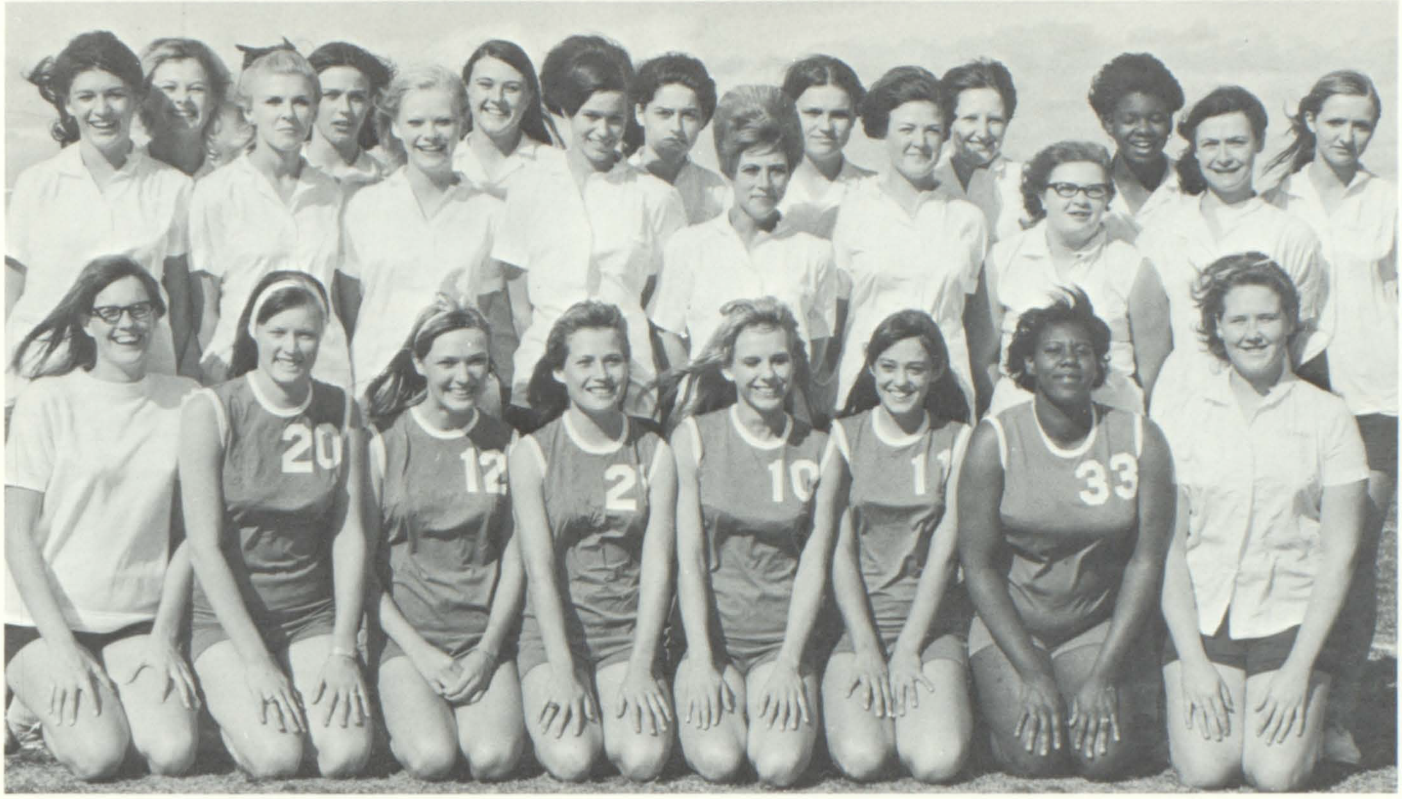
Basic's Softball Team

BOTH THE VARSITY and the freshmen girl's softball teams had a fine season this year. Led by several returning lettermen and the pitching ability of Linda Burr, the Varsity played in many of the best games of the season. The Freshmen team also gave many good performances, showing much promise for Basic's future teams.

ROW 1: E. Brown, D. Swackhamer, C. Kramer, C. VanEpps, G. Neumiller, E. Pilon, ROW 2: J. Sommers, C. Bartimus, S. Worth, C. Teer, N. Hazeltine, L. Burr, T. Boyd, J. MacDonald





ROW 1: K. Adams, D. Fritz, C. Hunt, K. Barney, P. Bowling, M. Cole, C. Wesson, F. Bergemeyer ROW 2: V. Lehman, J. Simmons, D. Hedland, G. Miners, G. Renolds, B. Gray, S. Anderson, L. Pagan ROW 3: N. Phillipenas, M. Mead, J. Nielson, P. Schmidt, K. Excell, L. Miller, D. Wesson, R. Hornyak

Basic's Girls Track Team

PERHAPS THERE IS no other, greater test of the individual athlete than the events of track and field. In these events the pressure, the will power to continue, and the ability to win lie entirely within the individual participant. If she fails, the blame is hers alone. If she wins all who are associated with her bask in the glory of her conquest.

PERHAPS THE MOST honored and respected club on campus is the Basic High School Lettermen's Club. The young men who are members of this club are outstanding examples of physical and intellectual achievement. They are the ones who have represented our school in all phases of sports activity. These boys achieved a sense of perfection in a world filled with imperfection. The members of this club have brought pride and honor to our school.

THE LETTERMEN'S CLUB this year has been very active. They have sponsored dances, car washes and other fund raising activities. The members have enjoyed such projects as their annual winter trip to Mount Charleston. They have supported wholeheartedly all worthy ideas that have been presented to the student body of Basic High School.

THE 1967-68 LETTERMAN'S Club would like to give their deepest appreciation for the fine support of their sponsors, Mr. Rosch and Mr. Walters, who gave unselfishly their time and effort.

G. A. A. Has Active Year

ONCE UPON A time it was thought that a girl's place was at home behind closed doors; today this is no longer true. The women of the modern world have proven themselves capable in most fields, including the world of sports. Such girls at Basic High School are members of the Girls' Athletic Association.

THIS ORGANIZATION HOLDS in its representation the finest that Basic High School has to offer in the field of athletics for girls. In order to qualify for membership a girl must meet the specifications outlined in the G.A.A. constitution. All of those who obtained membership harbor an intense interest in one or more sports. They have competed in difficult competition with girls from other high schools in Clark County and have submitted to the rigid training rules required by the G.A.A. sponsor Miss Tyson.

BASIC HIGH SCHOOL'S G.A.A. has this year, as in years past, been very active. It has been the sponsor of numerous gymnastic meets, track meets, and invitational tournaments. It has also conducted several fund raising activities and has taken an active part in the Clark County Girls' Athletic Association.

Canons of American Citizenship

every american citizen should recognize the duty to:

1 uphold the laws of the united states, and the states and communities.

2 defend our country from invasion and our government from overthrow by force, violence, or subversion.

3 encourage respect for law and order and insist upon solutions of differences and grievances by processes of law and never by resort to violence or other unlawful means.

4 support those charged with the enforcement and administration of our laws; voluntarily act as a witness and serve as a juror.

5 harbor no prejudice against anyone because of race, religion or national origin.

6 maintain pride in family, heritage and church as well as in community, state and nation.

7 keep informed on issues and candidates, and vote in every election.

8 respect the rights and opinions of others.

9 participate in religious, charitable, civic, educational or other activities to promote the welfare of the community.

10 acknowledge that 'responsibilities' are as important as 'rights' in the preservation of freedom and justice.

Acknowledgements

BECAUSE SO MANY people are involved in the production of a yearbook, it would be impossible to recognize all of them on this page. A few have contributed so much that we would like to extend special appreciation.

MR. DOOLEY AND the faculty for co-operating with our work throughout the year.

THE **LONE WOLF** and Ben Rassler for contributing so many pictures.

SANCHEZ STUDIOS FOR their help in obtaining pictures.

PARENTS OF THE staff members for their understanding of the staff's participation in this process.

THE BUSINESSMEN OF Henderson and Las Vegas for their financial support.

THE STAFF FOR their willingness to help with all phases of the book.

MR. WARREN FRANK for designing the beautiful cover.

MR. AND MRS. A. L. Purcell who have unselfishly given their time and effort to making the 1968 **El Lobo** possible. Their dedication to the staff has remained unfaltering throughout the entire year.

Sincerely,

Beth Mallory
Dave Harrington
